**Child Abuse Prevention**

The Governing Board recognizes the district's responsibility to educate students about the dangers of child abuse so that they will acquire the skills and techniques needed to identify unsafe situations and to react appropriately and promptly.

The district's instructional program shall include age-appropriate and culturally sensitive child abuse prevention curriculum. This curriculum shall explain students' right to live free of abuse, inform them of available support resources, and teach them how to obtain help and disclose incidents of abuse. The curriculum also shall include training in self-protection techniques.

The Superintendent or designee shall seek to incorporate community resources into the district's child abuse prevention programs. To the extent feasible, the Superintendent or designee shall use these community resources to provide parents/guardians with instruction in parenting skills and child abuse prevention.

**Child Abuse Reporting**

The Board recognizes that child abuse has severe consequences and that the district has a responsibility to protect students by facilitating the prompt reporting of known and suspected incidents of child abuse. The Superintendent or designee shall establish procedures for the identification and reporting of such incidents in accordance with law.

Employees, who are mandated reporters, as defined by law and administrative regulation, are obligated to report all known or suspected incidents of child abuse and neglect. Mandated reporters shall not investigate any suspected incidents but rather shall cooperate with agencies responsible for investigating and prosecuting cases of child abuse and neglect.

The Superintendent or designee shall provide training regarding the reporting duties of mandated reporters.

In the event that training is not provided to mandated reporters, the Superintendent or designee shall report to the California Department of Education the reasons that such training is not provided. (Penal Code 11165.7)
